CombiSep, Inc. Names Mark F. McDonald Chief Executive Officer Effective December 5, 2005

The Board of Directors of CombiSep, Inc. announced today the appointment of Mark McDonald, 55, (Chief Operating Officer) as Chief Executive Officer and President effective December 5, 2005. In addition, Mr. McDonald was elected as a member of the Board of Directors.

Speaking on behalf of the Board, Dr. Edward Yeung stated, "Mark McDonald is a very talented and knowledgeable leader, who has a proven track record. His experience and insight into the separation science industry will ensure continued growth and success of our company."

Based in Iowa, CombiSep, Inc. develops, manufactures and sells multiplexed absorbance-based capillary electrophoresis instruments. CombiSep's cePRO 9600 allows researchers to analyze up to 96 samples in parallel. Applications for biomolecules include: protein analysis, DNA sizing, amino acid analysis and oligonucleotide purity determination. Other applications include high-throughput screening and separation of small molecules. Analyzer solutions and reagent kits are available for performing pKa and log P analysis, protein sizing, and oligonucleotide purity analysis.
